The NBA took its blessing from Sugar Ray Robinson for failure to defend.

Webb says he isn't going out with the idea of knocking out the champion, but added, "if there is an opening, naturally I'l try to ake him out.

Highways have ever been important in the history of man. Man began to build highways as soon as he learned to meet with other people. The earliest highways were only footpaths and mud roads, a far cry from the modern six-lane highway of today that tunnel through mountains and bridge great chasms.

Highways have been important n a physical sense, but they have also been important spiritually. Christian people may look to the Jews as their forebears in redren's Choir rehearsal at 6:30 gard to highways. Why not use this Advent season to prepare yourself for a real celebration of Christmas? Why not stop your spiritual wanderings across the face of the earth by turning yourself toward Him Who is able to bring the peace to your soul for which you are longing. LIKE A MOUNTAIN NAMED FOR YOU?

Not one of these, certainly! They're here today, gone tomorrow. We'd gladly lend our names to a timeless peak like Everest - not to a heap of shifting sands rolling before the desert wind.

Of course, we have to identify ourselves with many a transitory idea and institution. We are busy most of our days just trying to keep up with this ever-changing world . . .

But our deeper self gropes for the Eternal!

God understands this yearning. He breathed it into our souls.

And God answers it: In Christ! In Scripture! In the voice of a neighbor inviting you and your family to Church.

A voice crying in the wilderness . . . across the shifting sands ... of the TRUTH and LIFE that are ETERNAL

ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why

every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Richardson Dilworth says the city will fight a five cent fare increase proposed by the Philadelphia Transportation Co.

The PTC is seeking a boost from 20 to 25 cents in cash fares and additional increases for tokens and school fares. Mayor Dilworth, contacted

Thursday in Denver, where he was attending a meeting of the American Municipal Associations, said: 'apparently the PTC never learns hey keep asking for more.'

"It seems to me they are try ing to destroy the transit business by driving away riders."

Tokens presently are sold at 10 for \$1.90 or 19 cents each, while school fares are 71/2 cents on city lines and 6 cents on suburban lines

Proposed increases would boost tokens to 221/2 cents each and the school fares to a flat 10 cents.
